

# Cooler by the Lake Tour

We will start out visiting Christopher Farm & Garden. They have more than 500 acres of coastline along Lake Michigan. Originally started as a hobby farm, the owner soon expanded to having multiple different themed gardens, private railway, vineyard and honeybee farm.

## July 29, 2024

Join us for the fun on Monday, July 29.

We will meet at “Dino Stop”. It is a Shell gas station with a McDonalds attached, at 5050 Hecker Rd, Manitowoc, WI 54220. The tour will begin at **8:30 am** & conclude at ~4:30pm. Come early to get your favorite

brew and snack. If some poor soul arrives late we will leave their driving instructions with the station attendant.

Right next to the Dino Stop is Americinn by Wyndham Manitowoc. If you need to stay the night it is only \$139 + Tax or with AAA discount \$118.15 +tax. There is no room block code. Ph. 920-320-1306

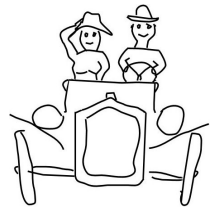

Our box lunch will be at 3 Sheeps Brewing. We will have a tour of the brewery with tasting.

The final destination is Small Town Bike Company. We will get a tour of their manufacturing facility.

Pre-registration is required. Everyone is invited. Any vehicle will do, but it would be best if it can get to 30 mph. This is a great tour for a “brass era” car. If someone brings one then I will also drive brass.

Register by June 30, contact Dave Neuhaus at [daveneuhaus22@gmail.com](mailto:daveneuhaus22@gmail.com) or Ph. 920-287-2143. There is a 25 car limit, so do not delay your registration.
